ABEEB OLABODE

IT SUPPORT & CLOUD SUPPORT PROFESSIONAL

Lagos, Nigeria | +234 814 209 9654 | abeeb.olabode10@gmail.com

Portfolio | LinkedIn | GitHub Projects

PROFESSIONAL SUMMARY

Entry-level IT Support and Cloud Support professional building practical experience in Microsoft Azure, Linux, virtual machines, cloud storage, serverless services, and technical troubleshooting. Enjoys investigating issues, identifying likely root causes, documenting findings, and communicating solutions clearly. Brings a problem-solving and service-oriented approach supported by hands-on Azure projects and a long-standing background in education and school administration.

TECHNICAL SKILLS

IT Support & Troubleshooting: Technical troubleshooting, problem isolation, root-cause investigation, issue documentation, user support fundamentals, Windows, Linux, command-line basics

Microsoft Azure: Azure Virtual Machines, Azure Blob Storage, Azure Functions, Resource Groups, resource tags and locks, custom images, ARM templates, Azure Portal, Azure CLI

Networking Fundamentals: DNS and DHCP fundamentals, IP addressing, connectivity troubleshooting, VPN concepts, SSH

Additional Technical Skills: HTML, CSS, JavaScript, responsive web design; basic web publishing and portfolio documentation

Professional Strengths: Problem-solving, clear communication, organisation, leadership, explaining technical concepts, documentation, continuous learning

SELECTED TECHNICAL PROJECTS

Azure Virtual Machine Deployment & Troubleshooting

Deployed and worked with an Ubuntu 22.04 LTS virtual machine using the Azure Portal and CLI. Practised investigating configuration and access issues, reviewing deployment details, and documenting troubleshooting steps.

Standardising VM Deployments with Custom Images & ARM Templates

Explored reusable deployment approaches using Azure custom images and ARM templates to support consistency and repeatability in infrastructure provisioning.

Static Website Deployment with Azure Blob Storage

Configured Azure Blob Storage static website hosting and documented the deployment workflow and key configuration considerations.

Azure Resource Organisation & Protection with Tags and Locks

Applied resource tags for organisation and explored resource locks to help protect important Azure resources from accidental changes or deletion.

Serverless HTTP Endpoint with Azure Functions

Built and documented a basic HTTP-triggered Azure Functions endpoint to demonstrate a serverless application pattern.

EXPERIENCE

IT Support & Cloud Support — Professional Development and Hands-on Projects | Current

Building practical skills through structured learning, Azure labs, and documented projects. Focus areas include troubleshooting, Linux virtual machines, cloud services, infrastructure configuration, and clear technical documentation. These are learning and portfolio projects, not claimed paid IT employment.

Headmaster — Citadel of Diamond School | 2022–Present

Promoted to Headmaster after joining the school as a full-time Teacher in September 2018. Experience includes communication, organisation, leadership, problem-solving, and coordinating day-to-day school responsibilities.

Full-time Teacher — Citadel of Diamond School | September 2018–2022

Explained concepts clearly, supported learners, and developed communication, planning, and problem-solving skills. This experience complements current technical support goals.

EDUCATION

University of Lagos — Distance Learning Institute — Economics Education; in progress

CERTIFICATIONS & TECHNICAL LEARNING

Technical Support Fundamentals — Google IT Support coursework certificate: Completed; certificate earned

Microsoft Azure Fundamentals (AZ-900): Completed Azure Fundamentals learning and Microsoft Learn preparation; do not represent as an earned Microsoft certification unless exam certification has been awarded.

Microsoft Learn Azure learning paths and hands-on labs: Badges/achievements and practical learning across Azure fundamentals and services.

Google Skills Cloud learning: Cloud learning labs; bronze badge reported.

HONOURS & RECOGNITION

- Best Class Representative — Economics Education, Education Faculty, UNILAG DLI (2024/2025 session).
- DLISA Award of Recognition for Selfless Service (September 2026).
